

Water Pressure Booster Pump

Live Pure!

Get the Pressure You Need in Your Shower

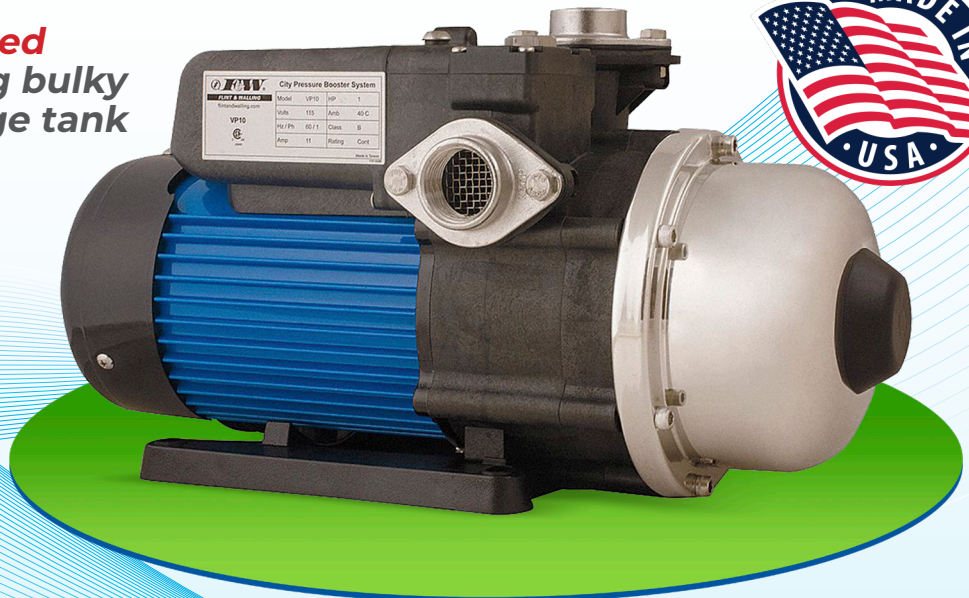

- 1 HP Booster Pump Increases Pressure by up to 50 psi
- Up to 60 Gallons per Minute Flow
- Quietest, smoothest running Delivery Pump (Made in USA)
- No Storage Tank or additional sensors necessary
- 110 Volt- 3 year Warranty
- Maintenance Free

How / What / Where?

- For low pressure Municipal Water Applications or when pumping from a atmospheric storage tank
- Booster Pump is Installed on the incoming Water line before any filtration equipment
- Pressure Reducing Valve also installed so you never have too much pressure!

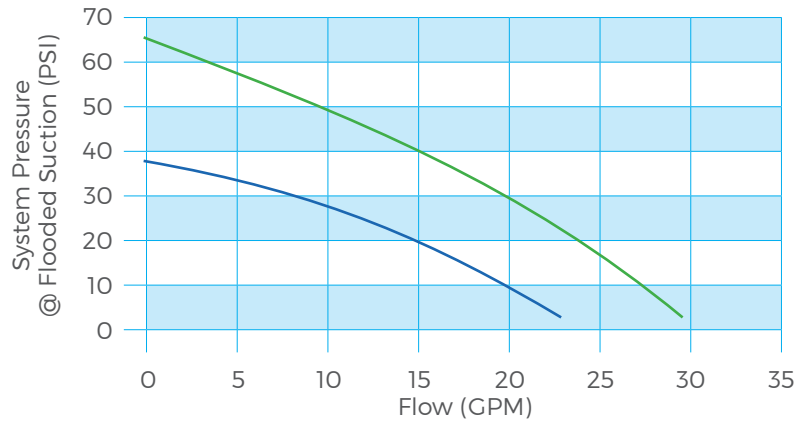

**No need
for big bulky
storage tank**

MORE PRESSURE WHERE YOU WANT IT... WHEN YOU NEED IT!

- All-in-one unit, consisting of pump, motor, stainless steel pressure tank and electric controller
- Compact design and quiet operation make it suitable for many applications
- System has automatic built-in diagnostics to protect against:
 - Run Dry
 - Dead Head
 - Rapid Cycling
- Impeller constructed of stainless steel with stainless steel bearing and shaft sleeve
- 1 in. stainless steel inlet and outlet flanges

PERFORMANCE

— VP05 City Water Booster — VP10 City Water Booster

Model VP05 1/2 HP

DO NOT EXCEED 30 PSI incoming pressure

Inlet PSI	VP05 System Pressure (PSI) at Flow Rates (GPM)							HP
	3	6	9	12	15	18	21	
10	43	36	35	31	26	-	-	1/2
20	53	46	45	41	36	-	-	
30	63	56	55	51	46	-	-	

Model VP10 1 HP

DO NOT EXCEED 50 PSI incoming pressure

Inlet PSI	VP10 System Pressure (PSI) at Flow Rates (GPM)							HP
	3	6	9	12	15	18	21	
10	72	67	61	56	50	45	39	1
20	82	77	71	66	60	55	49	
30	92	87	81	76	70	65	59	
40	102	97	91	86	80	75	69	
50	112	107	101	96	90	85	79
