

# Sand Trap

Live Pure!

*The Sand Trap separates sand, shale, and organics from water by swirling it in a chamber, letting heavier particles settle for removal by blow down.*

## FEATURES

### No Moving Parts

Experience simplicity with The Sand Trap: no moving parts, minimal maintenance, and reliable operation.

### No Filters to Change

The Sand Trap offers hassle-free convenience with an auto-flushing feature requiring no filter replacements needed and no chemicals.

### High Flow Rates

The Sand Trap is optimized for high flow rates, ensuring a steady and efficient water supply even in the face of challenging sand particulates.

### Pre-Treatment Perfection

The Sand Trap is a crucial pre-treatment step, enhancing water purification by efficiently trapping sand particles and protecting downstream filtration for less maintenance.

Model	Connection	Tank Size	Flow Rate	Warranty
SND-1252	1"	1252	24 gpm	5 Year
SND-1354	1.5"	1354	65 gpm	5 Year
